## Turn the English language into a game!

Grammar is a vocabulary and grammar game from Ydala which quickly encourages a basic knowledge of grammar. It extends vocabulary, develops a feel for the language and increases the ability to communicate.

Grammar is an enjoyable team game for all ages and abilities in which the individual's imagination and creativity are essential. Every player takes part actively in the game and co-operation is important if you want to win. Using given words, players have to do charades and take part in head-to-heads, draw, guess and think of synonyms and antonyms.

## Grammar in the classroom and at home

Grammar is a classic party game, using a board, dice and playing cards, which lends itself to being played both at home and in school. Grammar encourages the desire to learn grammar. The game can be used both as an introduction to, and as revision of, English grammar and is therefore an excellent teaching aid. The advantage of Grammar is that it speeds up the learning process and facilitates and extends learning through the use of several senses. Furthermore, the game can be adapted to suit the size and ability level of the group, and the time available. Grammar is the game which makes students look forward to grammar lessons!
